

Florian Alexandru-Zorn releases new book, confirms appearance at the Montreal Drumfest 2013!

Sonor Artist & full-time instructor, musician and author: Florian Alexandru-Zorn, introduces his latest instructional book: “*The Drum Master Key*”, available from Alfred Music Publishing.

The new book follows closely behind his highly successful double-DVD: “*The Brush Secret*” – a comprehensive and clear concept for brush technique for use in popular music styles, genres & applications on the drum set.

With “*The Drum Master Key*”, Florian has compiled a comprehensive teaching system using a modular structure to pave the way towards fluency in all musical genres. The individual chapters provide access to a broad spectrum of musical styles: beginning with fundamental rhythms, then progressing through dynamics, polyrhythms and displacements, to create a technically and musically satisfying daily workout.

Florian is also confirmed to perform at the Montreal Drumfest in 2013, and if there are any opportunities to extend his stay in Canada, Sonor Drums Canada will be looking at the possibility to offer some exclusive clinic events!

Stay tuned here at www.sonorcanada.com for event information!
